## Section 1: Identification

George Taub Products, Inc.  
277 New York Avenue  
Jersey City, NJ 07307  
T 201-798-5353  

**Phone Numbers:**  
24 Hr. Emergency: Chemtrec 800-424-9300, 703-527-3887  
Customer Service: 201-798-5353

**IDENTITY**  
Trade Name: Kidz Seal Pit & Fissure Sealant  
Chemical Description: Acrylate Resin and Inorganic Glass Filler  
Product Use: Tooth Conditioning and Tooth Sealing

## Section 2: Hazard(s) Identification

### HAZARDOUS IDENTIFICATION

**Ingredients**  
Acrylate Resins - Possible skin irritant.

### Hazard Pictogram

![Warning](image)

**Signal Word**  
Warning

### PHYSICAL / CHEMICAL CHARACTERISTICS

### FIRE AND EXPLOSION HAZARD DATA

**Hazardous Combustion Products /**  
**Unusual Fire and Explosion Hazards:** Heat, aging or contamination can lead to rapid polymerization.

### REACTIVITY DATA

**Stability:** Stable under normal conditions of use and storage.  
**Conditions to avoid:** Heat, sparks and flame. Use promptly.  
**Incompatibility:** Acids, bases, amines, oxidizers.  
**Hazardous Decomposition Products:** Thermal decomposition may produce toxic oxides of carbon.  
**Hazardous Polymerization:** Possible.  
**Conditions to avoid:** Heat, sparks and flame, contamination, storage for prolonged periods.

### HEALTH HAZARD DATA

**Summary of Acute Hazards:** Minimal health hazard under normal conditions of use and storage and in the quantities present in this product. May be irritating to eyes, skin, or respiratory tract.

<table>

<tr>
<th>Route of Exposure</th>
<th>Signs &amp; Symptoms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Inhalation</td>
<td>No known threat.</td>
</tr>
<tr>
<td>Eye Contact</td>
<td>Resins may irritate eyes.</td>
</tr>
<tr>
<td>Ingestion</td>
<td>Harmful if swallowed.</td>
</tr>
<tr>
<td>Skin Absorption</td>
<td>May cause skin irritation.</td>
</tr>
</tbody>
</table>
| Skin Contact      | Resins may cause possible allergic skin reaction.  
Prolonged/repeated exposure may cause skin to become red or dry. May be a sensitizer.
Summary of Chronic Hazards:

Carcinogenicity Not known to be a carcinogen.
Teratogenicity None known.
Mutagenicity None known.
Reproductive Toxicity None known.
Special Health Effects None known.

Section 3: Composition/Information on Ingredients

</tbody>
</table>

Section 4: First-Aid Measures

Eye contact: Flush the contaminated eye with flowing water for 15 minutes. If irritation persists, obtain medical care.
Ingestion: For large quantities, induce vomiting with syrup of ipecac. Give activated charcoal. See emergency physician.
Skin contact: Wash affected area thoroughly with mild soap and water. If irritation develops or persists, seek medical advice.

Section 5: Fire-Fighting Measures

Suitable Extinguishing Media: Use dry chemical, foam, or carbon dioxide to extinguish fire. Water may be ineffective but should be used to cool fire-exposed containers, structures and to protect personnel. Use water to dilute spills and to flush them away from sources of ignition.

Fire Fighting Procedures: Do not flush down sewers or other drainage systems. Exposed firefighters must wear NIOSH-approved positive pressure self-contained breathing apparatus with full-face mask and full protective clothing.

Unusual Fire and Explosion Hazards: Dangerous when exposed to heat or flame. Will form flammable or explosive mixtures with air at room temperature. Vapor or gas may spread to distant ignition sources and flash back. Vapors or gas may accumulate in low areas. Runoff to sewer may cause fire or explosion hazard. Containers may explode in heat of fire. Vapors may concentrate in confined areas. Liquid will float and may reignite on the surface of water.

Combustion Products: Irritating or toxic substances may be emitted upon thermal decomposition. Thermal decomposition products may include oxides of carbon and nitrogen.

Section 6: Accidental Release Measures

For small quantities, as in this product: Wear gloves and splash goggles. Absorb spill with inert material, such as paper towels. Place all absorbent material in closed container away from heat, sparks, and flame. Wash area of spill with soap and water.

Section 7: Handling and Storage

Handling and Storage Precautions: Store tightly closed at room temperature in a dry area, away from incompatible materials. Empty containers may retain residual product and should be handled appropriately.
Waste Disposal Method: Follow all government regulations. Keep spills out of sewers, open bodies of water.
Other Precautions: Avoid contact with eyes, skin or clothing. Wash hands after use.
Section 8: Exposure Controls/Personal Protection

Respiratory Protection: Surgical mask is usually adequate.
Ventilation: No special ventilation is usually required.
Protective Gloves: Recommended.
Eye Protection: Safety glasses or splash goggles are recommended.
Other Protective Clothing or Equipment: Emergency eye wash fountain. Dental staff should wear lab coats.
Work/Hygientic Practices: Wash hands after use.

Section 9: Physical and Chemical Properties

Flashpoint: NA
Autoignition Temperature: NA
Boiling Point: NA
Melting Point: NA
Vapor Pressure: NA
Vapor Density (Air=1): NA
% Solubility in Water: Slight
Pour Point: NA
Molecular Formula: Mixture
Odor/Appearance: acrylate resin odor/white paste
Lower Flammability Limit: NA
Upper Flammability Limit: NA
Specific Gravity: 1.1 -1.9
% Volatile: None
Evaporation Rate (Water=1): NA
Viscosity: Thin Paste
Octanol/Water Partition Coefficient: NA
pH: 2.0
Molecular Weight: Mixture

Section 10: Stability and Reactivity

Stability/Incompatibility: Incompatible with ammonia, amines, bromine, strong bases and strong acids.
Hazardous Reactions/Decomposition Products: Thermal decomposition products may include oxides of carbon and nitrogen.

Section 11: Toxicological Information

Minimal health hazard under normal conditions of use and storage and in the quantities present in this product. May be irritating to eyes, skin, or respiratory tract.
Route of Exposure
Inhalation: No known threat.
Eye Contact: Resins may irritate eyes.
Ingestion: Harmful if swallowed.
Skin Absorption: May cause skin irritation.
Skin Contact: Resins may cause possible allergic skin reaction.
Prolonged/repeated exposure may cause skin to become red or dry. May be a sensitizer.

Summary of Chronic Hazards:
Carcinogenicity: Not known to be a carcinogen.
Teratogenicity: None known.
Mutagenicity: None known.
Reproductive Toxicity: None known.
Special Health Effects: None known.
Acute Toxicity Values: None known.
Not Established
